## 8 Commercial General Liability (CGL) Insurance- **Deadline April 15, 2024**

Exhibitors are **required** to carry general liability coverage from an insurance company in good standing with minimum policy limits of \$1,000,000 per occurrence and \$2,000,000 aggregate. Insurance Coverage is not optional.

Insurance must be in force during the full lease dates of the event, April 25-27, 2024, naming Lucky Leaf Expo (317 Commercial Street NE Suite A-643, Albuquerque, NM 87102) as the certificate holder. The following must be named as additional insureds: Lucky Leaf Expo and its officers, directors and employees and Minneapolis Convention Center, its officers, directors and employees.

**Order event insurance online through RainProtection [HERE](#)**

Or if using your own insurance, view instructions (pg 1) & SAMPLE CGL form (pg 2) [HERE](#)

## 11 Line of Sight Reminder: Do not block your neighbor's view!

The ability for attendees to easily and clearly see products/services/booths as they walk the aisles is essential to all exhibitors, and that is the basis for including a linear booth Line-of-Sight setback rule. Display materials should be arranged in such a manner so as not to obstruct sight lines of neighboring exhibitors. The maximum height of 8ft (2.44m) is allowed only in the rear half of the booth space, with a 4ft (1.22m) height restriction imposed on all materials in the remaining space forward to the aisle unless a mockup has been submitted to and prior approval has been granted in writing by show management. The example below provides a visual example of what is allowed.

While this example depicts a 10x10 booth, the same concept applies to any sized **linear** booth. Front half of booth may not have sides higher than 4 feet. Back half of booth may have sides up to 8 feet tall that are finished (not raw, unsightly). For linear booths, exterior facing sides must be blank so that logos/graphics/wording do not face into your neighbor's booth. *Rules for islands and split islands may differ from the linear line of sight rules above. **Please check with management for variation allowances if you have an island or split island booth.***
